Sound Communications:

Sound Communications is an Ohio-based corporation established in 1983. We are a leading integrator of recording-based solutions for business and public entities. Through our Security Division, Sound Communications develops and installs integrated security solutions that can include intelligent cameras, digital recording, access control, intrusion detection and more. We are also certified resellers and partners for Axis Cameras (IP Cameras)

Milestone Systems (Video Management Software, Kantech (Access Control), Geo Vision (Cameras and VMS), American Dynamics (Cameras and VMS), FTR (digital courtroom and meeting recording), VIQ (digital courtroom recording) Firetide (wireless mesh networking), Motorola, EV2 and Spectracom (time synchronization solutions). Our systems record video, voice and data in hundreds of facilities throughout the world.

The Sound Communications team includes experienced account managers, certified technical specialists and a skilled project management and professional services team who are all committed to making your project a success.

Proposed Solution(s)

Sound Communications is proposing the following solution...

Install (9) FTR Reporter 5.6 on customer provided Windows 7 machine.
Install (9) DMX-4 4-Channel Audio mixer to connect existing microphones.

Install player client onto workstations for playback of recordings.

After Sound Communications has installed the FTR Solution testing will be done to confirm audio recording levels are up to the standards of the customer. Once these audio levels are confirmed training will be held on operation and exporting recordings for the users of Lucas County Integrated Justice System.
